

Work and play at Bembridge Harbour

THIS year sees the fourth Bembridge Harbour Family Fun Weekend (July 22-24) as well as Jazz on the Quay on Saturday June 18 at the Duver, featuring the Cat Skelington Trio and the Unity Stompers jazz band.

Both events are in support of nominated charity, Ryde Inshore Rescue, celebrating its 60th anniversary.

Bembridge Harbour's regeneration over the last four years has seen major dredging, new/refurbished pontoons, a safety management system, new management software and website, live-feed tide height gauge, re-engined water taxis, pre-bookable finger pontoons – to name just a few of the on-going improvements.

Outline planning permission, granted by the IW Council in December 2015, is currently being progressed to enable amalgamation of the berthing and admin staff offices, new shower, toilet and laundry facilities for visiting boats, replacement of a defunct bio-treatment plant and creation of improved facilities and a new larger car park at Bembridge Marina.

Plans include 13 sensitively designed houses at the Duver and the Marina, to be constructed following completion of the harbour improvement works.

Bembridge Harbour is fast regaining its reputation as both a quality destination and a permanent mooring location

Saturday 18th June 2016
5.30pm to 10.30pm
